# Business English for Accountants

*“Knowledge is Power”*

**He is Bicultural**

**He is not**

New business opportunities are increasingly stemming from international and emerging markets. Organizations and individuals will need to expand their skills to benefit from these opportunities. The ability to work on international teams and excellent Business English skills will become key differentiators in the global marketplace.

The Institute of Public Accountants of Nuevo León in joint venture with Oxford English Academy, which has over 56 years' experience, invites you to join our **English Program for Professional Accountants**, a comprehensive program which has been developed to enhance the skills of the Public Accountant.

**Portfolio Program:**

• **Level ONE**

Starts with an overview that develops into advanced English which are gradually integrating the terms needed for the Professional Accountant, it is imperative to go to solidify the foundation, prior knowledge necessary to build your professional evolution English.

• **Level TWO**

Has the advanced technical term for accountant, finance, taxes, audit and business. At this level begin presentations in a simple context.

• **Level THREE**

The third level improves communication skills. These provide the tools needed to become a bilingual professional.
